Energy, Transport & Infrastructure

Denton Wilde Sapte has long been a leader within the Energy, Transport & Infrastructure industries. Both in the UK and around our international network, we have leading experts in aviation, environment, health and safety, electricity, infrastructure, oil & gas, rail and water. With more than 60 years' experience working for the public and private sectors in over 50 countries, we bring a real breadth of perspective to our extensive industry knowledge.

We offer the following full range of industry-aware legal services to clients in the sector:

- Commercial
- Regulatory
- Corporate and M&A
- Finance
- Projects, Engineering and Construction
- Technology and IP
- EC and Competition
- Employment & Pensions
- Dispute Resolution
- Real Estate and Planning
